INTERNATIONAL DELEGATES VISIT MaiFS OFFICE

On July 14th, an International delegation from Kazakhstan, was here to meet the team of Mai Family Services. The meeting had been requested through Global Ties Detroit, a nonprofit organization and an official partner to the US Department of State for professional exchange programs. The group from Kazakhstan was visiting as a part of the U.S. Department of State-sponsored International Visitor Leadership Program (IVLP) arranged by Global Ties Detroit.

While in Detroit, the group met with various organizations, including NGOs and legal service providers, to explore the theme of "Preventing Domestic and Gender Based Violence" and the best practices for doing so.

The delegation made up of seven individuals (along with three interpreters) working as psychologists, journalists, human rights lawyers, etc. was here to learn about Mai Family Service's efforts to address domestic violence within the Michigan South Asian community and about the support services it provides in the areas of partner and family violence.

Mai Family Services team members, Yogita Chhetri, Vatsala Upadhyay, and Lalita Kambhampati met with the international visitors. They had an engaging and comprehensive discussion on the subject of domestic violence and the role MaiFS plays to support survivors. It was quite interesting to find out that the situations and challenges faced by both teams on the two sides of the world were quite similar. The international visitors appreciated MaiFS for the services and support it provides to survivors of domestic violence in the South Asian community in Metro Detroit area. They had wonderful feedback and thanked Mai Family Services representatives for sharing their knowledge & expertise.

The MaiFS team looks forward to working with them more closely in the future.

CSU GRANT UPDATE

Since 2017, MaiFS has been providing exclusive advocacy and life- skills sessions to survivors of domestic violence within the South Asian community. This crucial support has been made possible through a generous grant from Michigan's Department of Health and Human Services and the Division of Victim Services.

We are delighted to announce that the Grant has been renewed for the 8th consecutive time, covering the period of 2023-2024. This renewal ensures uninterrupted access to DV victim advocacy and counseling services for individuals of South Asian origin residing in Metro Detroit. Furthermore, program participants will also have the opportunity to receive limited tuition support and other forms of assistance as they embark on their journey to self- empowerment.

We seek your assistance in spreading the word about this program to your organizations or regional social and cultural clubs. By doing so, more domestic violence victims and survivors within the South Asian community can benefit from the offerings of this program.

For further information about the program or if you or your organization would like a presentation on the program activities, please get in touch with Murali Nair at 248-795-4639. Additional details about the CSU Grant program can also be found on our website: www.maifs.org.
