## **CONGRATULATION TO STOP GRANT PROGRAM FOR SUCCESSFULLY COMPLETING STATE AUDIT!**

**STOP Grant Empowerment Program**

We successfully completed a day-long STOP Grant 2019-20 Contract Review with MDHHS's Division of Victim Services on August 25, 2020. It was a unique experience for us as well as the review team, since for the first time such a review was conducted virtually!

While the virtual review process was a day-long affair, the STOP Grant staff were preparing and uploading documents to MDHHS for their internal read since the last several weeks! The actual face-to-face Zoom-based virtual review entailed a series of interviews with Mai and the STOP Grant staff, as well as our contracted instructors who teach our program's Empowerment Classes.

Client eligibility criteria, permissible program activities, service delivery parameters, staff personnel records, and a sample of financial charges billed to MDHHS were explored in further detail during the review to ensure that we consistently adhere to the Grant agreement/contract streams and requirements.

The contract review's exit session allowed for a productive interaction with the reviewers, what we are doing correctly, and the spaces in which we can and should improve. As all can agree, no audit/review can result in total compliance; there are always some things that we missed, or could not do, or could do better. That is what STOP Grant staff plans to do - further internalize the review's findings, refine and further improve the program and become better contributors to the cause of Women's Empowerment.
