Featured Sister Organization
We strive to build effective community partnerships with sister organizations. One such organization is EVE. Founded in 1977, The Council Against Domestic Assault began with a group of concerned community members and grew to include Lansing’s first domestic violence shelter. In recent years, they changed their name to EVE, (End Violent Encounters) to reflect their comprehensive services to survivors.

They provide supportive services such as advocacy, counseling, crisis intervention, children’s programs and community education to survivors of many forms of violence including: domestic, sexual, stalking and elder abuse.

We sincerely appreciate your generosity, whether it is in the form of a one-time donation or recurring commitment. Click to make your tax deductible donation now.
