A Year of Impact, A Future of Hope

Dear Friends and Supporters,

As we reflect on this past year, I am filled with profound gratitude and hope. Mai Family Services has touched the lives of 85 individuals and families in our South Asian community, providing not just services, but dignity, safety, and pathways to independence.

Each person who walked through our doors—whether seeking refuge from domestic violence, navigating legal complexities, or building new skills through our Empowerment Program—represents a story of courage and resilience. Behind these numbers are real lives transformed, families protected, and futures rebuilt. This work is only possible because of you—our generous sponsors, dedicated volunteers, compassionate donors, and community partners. Your support means that when someone needs help, we are there. When language becomes a barrier, we provide translation. When hope seems distant, we walk alongside them.

As we look ahead, our commitment remains unwavering: to be the safe haven and trusted resource our community needs. Together, we will continue building a community where everyone can live free from violence, with dignity and opportunity. Thank you for standing with us. Thank you for believing in our mission.

With deep appreciation and warm regards,
Anu Gopalakrishnan
President, Mai Family Services

Celebrating 40 years

Of Transformation & Community

Since 1986, Mai Family Services has evolved from addressing domestic violence into a comprehensive lifeline for our South Asian community—offering counseling, legal advocacy, skills training, and pathways to independence. Our story lives in every survivor who found their voice, every graduate now thriving, and every family reunited in safety. This milestone belongs to those who chose healing, the volunteers who answered the call, the donors who believed in change, and the community that refused to let silence prevail. As we honor 40 years of service, we welcome 2026 with renewed commitment—ready to serve with dignity, respect, and unwavering dedication to every person who needs us.

"I was drowning in the legal system after calling 911 twice. MAIFS helped me see that staying wasn't protecting my son—it was teaching him abuse was normal. Now I'm working and saving for our safe apartment. They gave me hope when I thought I'd lost it forever." - Shruti
